SUDIPTO ROY

UX / WEB DEVELOPER

HIGHLIGHTS

- Over 7 years of experience in enhancing user experience.
- Experience in both product-based and service-based organizations.
- Led multiple self-driven initiatives to enhance product user experience.
- Improved app performance, page load time, and Google Core Web Vitals.
- Active annual Hackathon participant, ranked in the top three twice.
- Implemented & tracked user behavior using Google Analytics, Clevertap.
- Strengthen the team through strategic hiring and upskilling.

WORK EXPERIENCE

InfoEdge (India) Limited, Noida

2018 - PRESENT

Tech Lead (UI/Frontend)

Info Edge is a Product based organization where I lead a UI team of 5 developers. Our assignment involves creating a Premium Job Portal from inception, catering to Job Seekers, Recruiters, and Admin functionalities.

- Developed [Bigshyft.com](#) as a key frontend developer from day 1.
- Architected and developed 5 apps from scratch.
- Product iteration decision-making for enhanced market adoption.
- Efficient resource management during critical development phases.
- Worked closely with product & design teams as an esteemed dev.

Publicis.Sapient, Gurgaon

2016 - 2018

Associate Interactive Developer

At Sapient, a service-based organization, I began as a frontend trainee for 6 months. Subsequently, I collaborated with the L'Oreal team on developing and enhancing multiple E-commerce platforms.

- Managed a complex codebase encompassing over 20 e-commerce platforms simultaneously, spread across multiple Git repositories.
- [Nyx cosmetics](#), [Kiehls](#), [Clarisonic](#), [Carol's Daughter](#), [Urban Decay](#), [Armani](#), are to name a few.

EDUCATION

BIT MESRA, RANCHI

2012 - 2016

Bachelor of Engineering in ECE with Distinction (7.4 CGPA)
